## PREPARING JAPAN'S NEW CONSULATE

ALTERATIONS IN PROGRESS ON  
PROGRESS BUILDING LATELY  
PURCHASED BY JAPAN.

A large force of workmen are engaged in making alterations in the Progress building at the corner of Fort and Beretania streets, recently purchased by the Japanese Government as a consulate. The entire first floor, which will be occupied as the offices of the consulate, are to undergo extensive change in arrangement, which involves the removal of portions of the outside masonry walls.

The upper floors, which will be occupied as the consular residence by Consul General Miki Saito, are also being rearranged. A large banquet room is being provided as well as a commodious reception room. The changes which are just nicely under way, will require some time to complete, and it will be two months or more before the Consul and his staff will be ready to leave their present quarters in the Sachs building.

## OAHU'S COMMITTEE ON ENTERTAINMENT GETS DOWN TO WORK

FIRST MEETING HELD THIS MORNING AND PLANS DISCUSSED FOR  
SHOWING THE CONGRESSIONAL PARTY A GOOD TIME—FEARS  
EXPRESSED BY TERRITORIAL COMMITTEE IS TOO STRENUOUS  
SUB-COMMITTEES APPOINTED.

The general executive committee which was appointed by Delegate to Congress Kalaniana'ole to represent Oahu in the entertainment of the Congressional party which will arrive here next week on a visit to the Territory, held its first meeting in the Chamber of Commerce rooms at 11 o'clock this morning and discussed in an informal way the details of the entertainment to be accorded the distinguished visitors.

Two committees were named to have direct charge of the arrangements. The first of these is a finance committee of three members as follows: M. P. Robinson, E. I. Spalding and C. M. Cooke.

An executive committee of five was also appointed, which shall have the power to appoint subcommittees from the general committee to look after the various details. This committee consists of J. F. Morgan, George W. Smith, J. A. McCandless, C. F. Chillingworth and J. R. Galt.

Captain C. W. Otwell, who has been named on the committee was allowed to withdraw his name, and that of Mr. Galt was substituted.

H. P. Wood was named as secretary of the committee.

This executive committee will meet some time this afternoon and get down to business. It is likely that meetings will be held every day and perhaps twice a day, as there is a great deal of detail work which must be discussed, and this will rest entirely on the committee.

At the meeting this morning, almost all of the members of the general committee were present, and a number of others were also added to the list by Delegate Kalaniana'ole. Those present were: S. B. Dole, J. K. Kalaniana'ole, W. M. Gifford, G. W. Smith, H. P. Wood, Curtis P. Iaukea, D. Kawananakoa, John C. Lane, Charles F. Chillingworth, M. P. Robinson, Samuel Parker, L. Tenney Peck, M. Phillips, J. M. Wakefield, J. A. McCandless, Captain Otwell, Captain Joyner, S. P. Correa, E. I. Spalding, J. M. Dowsett, Frank Harvey, D. Kalanika'ala, A. D. Castro, George E. Smithies.

The new members added by the Delegate include all the Oahu members of the late Legislature, as follows: W. O. Smith, C. J. McCarthy, John A. Hughes, J. H. S. Kaleo, A. S. Kalelopu, V. K. Lelelwi, E. A. C. Long, S. K. Mahoe, Joseph Kalana, J. L. Paao, E. W. Quinn, W. T. Rawlins and J. I. Silva and "Admiral" Beckley, A. G. M. Robertson,

August Dreier, W. A. Kinney, Charles K. Nottley, W. C. Achi.

Secretary Atkinson called the meeting to order shortly after 11 o'clock and after stating the situation and the purpose of the meeting, L. Tenney Peck was called to the chair.

H. P. Wood was chosen as secretary of the committee.

Secretary Atkinson stated that the Delegation would arrive here on the 8th and on that day and the 9th they will desire to rest, leaving here on the 10th for Kauai and returning to Honolulu on Sunday the 12th. The following day the party is to leave for a tour of the other islands and will not return to Honolulu until Saturday the 25th. From that time until the end of the month the visitors will be the special guests of Oahu.

Relative to the finances, Secretary Atkinson reported that of the \$15,000 available by Legislature appropriation, from \$7,500 to \$5,000 will be required to pay travelling and hotel expenses of the visitors from their homes to the Territory and return. This will leave \$7,000 to \$5,000 which will probably be all required in furnishing transportation and accommodations during the visits to the other parts of the Territory. This will require that each community shall provide for and stand the expenses of local entertainment.

George W. Smith moved to appoint an executive committee of twelve members who should have direct supervision of the entertainment while the guests are here.

Judge Dole thought that such a committee would be unwieldy and would divide the responsibility too much.

RHEUMATISM MAKES LIFE MISERABLE.

## TOWN TALK

By THE MAN ABOUT TOWN.

The Legislature has, said George, Of different branches three: There is the Senate and the House. But, principally, ME.

Mark my word, walking will become very fashionable now that the Country Club is started. Every member can not own an auto or a conveyance. As a suggestion for a solution of this rather annoying problem of transportation to the club, I respectfully suggest that golf links be laid off from the end of the street car to the club house so that the trip can be made a continual round of excitement and pleasure. Have every hole a hole-in-the-wall, where refreshments can be had, by way of incident.

The failure of the Senate to confirm Dr. Doremus Scudder as one of the Public Library trustees, is one of the most talked of incidents of the recent session, and all kinds of explanations are being given. Charlie Clark, the mentor of the Senate, said he heard it was because his name was Doremus, and down in the House the talk was that it was simply because he was Dr. Scudder. But I don't think the real reason is far to seek nor hidden under any mystery.

There was a strong feeling in the

Senate that the Governor had not treated the Hawaiian element very fairly or very generously in the appointment of men to fill the new offices created by this legislature many of which were purely honorary and therefore not strictly spoils, and that there ought to have been something done to let him know how they felt. So that when the nominations came into the Senate, this sentiment was ready to express itself on the first haole name that came up. That name was Alonzo Gartley, and the first move was to refuse to confirm him. Had this been done, in all probability Scudder and Dillingham would have been confirmed without trouble. But Gartley's friends in the Senate saw the drift of affairs at once, and secured a postponement of consideration of the names for a few hours. During these few hours Gartley's friends and the Governor's friends got among the senators, and saved Gartley. With Gartley confirmed, the sentiment in favor of a Hawaiian representative on the Board, moved against the next haole name that came up, which was Scudder's. If Dillingham had been second on the list, it is probable that it would have moved against him. But Scudder was

## Tainted Food The Cause Of Sickness

A DISCOVERY MADE BY THE  
BOARD OF HEALTH AT AIEA—  
VIGOROUS WORK DONE.

The work of cleaning up the towns of Waipahu and Aiea continues. President Pinkham went there yesterday with Chester Doyle and assistants, and today the same trip was made. The Board of Health has, in fact, an automobile on constant call during the day and night, to enable at least two trips to be made to Aiea daily. The work is progressing satisfactorily so far, but President Pinkham realizes that only the most stringent and active measures will stamp out the sickness that has been prevalent at Aiea for some time past.

The indications are now, as was predicted some days ago, that much of the sickness has been transmitted by means of certain food supplies sold at some of the stores at Aiea. President Pinkham has taken the suspected food away and has had the rice replaced with new rice.

## PALMER WOODS ON HAND FOR BIG PARTY

DEMOCRATIC NATIONAL COMMITTEEMAN WAITS OVER TO MEET CONGRESSMEN ON MONDAY.

Senator Palmer Woods has decided to remain over in Honolulu to meet the members of the Congressional party to arrive in the transport Buford on Monday. Woods is Democratic National Committeeman and as such will welcome the Territory's guests. He will probably go with the party to Hawaii. As a representative Democrat Mr. Woods will do his share to enlighten the Democratic and other visiting Congressmen in regard to the local situation.

## OFFICIAL WATCH IS NOW KEPT ON PEOPLE COMING FROM AIEA

Aiea has been placed under a strict quarantine. In this issue of The Star appears an official notice from President Pinkham of the Board of Health, to the effect that all persons passing through or coming from Aiea will be subject to quarantine examination. The Board of Health will have these examination stations on the highways. The stations will be indicated by yellow flags in the day time and by red lights at night.

## JAPS CHASED THEIR CONSUL AT AIEA

HE WAS CONFERRING WITH  
THEM BUT CROWD EVIDENTLY  
RESENTED HIS ADVICE.

Reports from Aiea tell of a very sensational occurrence at that place last night. The Japanese Consul General, two Japanese physicians and several attendants narrowly escaped being mobbed. A crowd of 300 Japanese attacked the Consul General and party and drove them out of the place. The Consul General is reported to have departed in most precipitous haste.

He went to Aiea for the purpose of conferring with the Japanese over the health situation. But for some reason he incurred their resentment. Soon after he began to address them, manifestations of resentment on the part of the Japanese of that place became apparent. Finally the Japanese became so violent that a rush was made toward the Consul and party. Evidently the party anticipated being made the victims of violence, for, headed by the Consul General, the visitors from Honolulu rushed pell mell toward their conveyances and were brought back to Honolulu without delay.

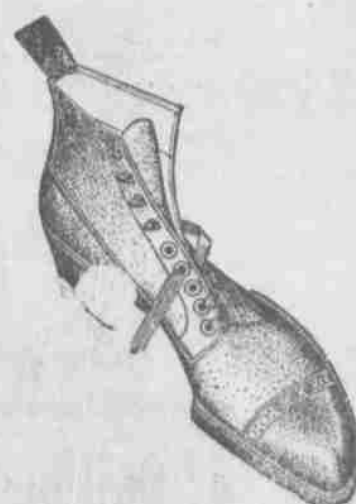

## NEW MONEY FOR OLD ARCHIVES

THE LEGISLATURE DID VERY  
WELL BY THE MUNIMENTS OF  
HISTORY IN LYDECKER'S CARE.

The Archives fared very well at the hands of the Legislature. Custodian Lydecker was given a monthly salary of \$150, in addition to \$5000 for the expenses of the department for the ensuing biennial period was appropriated. With this money he will be able to have an assistant and also to make some needed improvements in the Archives building.

One thing that is needed is an apparatus for flat filing of documents. The present method of keeping papers folded up in letter form, is unsatisfactory and incidentally wears away the old material. But with a flat file so that the documents can be laid out without filing, it is anticipated that the life of the valuable documents and letters of similar character will be increased many fold.
